

ACT[®]

Access ACT Data and Live Support Opportunities

Resources for North Carolina Educators

Access Your ACT, PreACT, and WorkKeys Data

ACT SCORE REPORTS AND DATA TOOLS

Educators can access ACT, PreACT, and WorkKeys and data tools through **ACT Online Reporting** located on success.act.org.

If you need access to ACT, PreACT, or WorkKeys reports, please contact your District Test Coordinator or your School Test Coordinator.

ACT DATA OFFICE HOURS FOR NORTH CAROLINA

Need additional support navigating, ACT, PreACT, or WorkKeys reports or understanding your data? **We Can Help...**

OFFICE HOURS – MAY 18 – JUNE 4, 2026

Office Hours run May 18 – June 4, 2026, with multiple weekday time slots. All times are listed in Eastern Time.

The reservation link is <https://tinyurl.com/kcspkk3j>

Dr. Bryan Williams, former director of assessment and current ACT professional development presenter, is setting time aside to support North Carolina high school data personnel.

Each 30-minute session provides individualized support for:

- Accessing reports
- Understanding score data
- Locating reporting tools
- Interpreting results for school use

For questions, contact: Dr. Bryan Williams bryan.williams@act.org

ACT Data Doctor Webinar Series

What Does College Readiness Look Like? — Just Ask the Data!

Access the recordings of four practical sessions from ACT data experts at

<https://tinyurl.com/4svbnhub>

1

Moving from Static to Dynamic Data Turn after-the-fact reports into an ongoing data cycle for weekly / monthly instructional decisions.

2

Mind the Gaps: Finding (and Filling) Your Learning and Instructional Gaps Use reporting categories and item-level analysis to find learning and instructional gaps.

3

Early Intervention: Reinforcing Student Mastery and Success at the Core Prioritize early indicators and targeted supports to secure mastery.

4

Using Data to Create Your Action Plan

Build time-bound SMART plans with ready-to-use templates.

ACT Professional Services

Turn assessment results into instructional action. Practical, hands-on professional learning that produces ready-to-use plans and templates. Core offerings include:

- **Data Workshops** — Use your ACT/PreACT/WorkKeys data to set SMART goals and develop school action plans.
- **ACT Instructional Mastery (2-day)** — Deep subject-specific courses with credentialing options.
- **Connecting Multiple Assessments (full day)** — Build dashboards, calculate growth, align PreACT → ACT.
- **WorkKeys & Curriculum** — Interpret WorkKeys data and implement curriculum for classroom and student supports.
- **Teaching & Learning** — Curriculum anchoring, reading comprehension, and instructional alignment.
